Education

Parul Institute Of Technology

Bachelor of Technology, Computer Science and Engineering

Aug 2023 –Present

CGPA: 8.50 (till 4th semester)

Skills

- **Languages:** C/C++, Java (Proficient), Python, JavaScript, HTML/CSS
- **Frameworks & Databases:** React, Node.js, Django, MySQL, MongoDB
- **Tools/Platforms/Cloud:** Git/GitHub, Linux, VS Code, AWS
- **Core:** Data Structures & Algorithms, Object-Oriented Programming, Operating Systems, Computer Networks

Projects

AI-Powered Crop Yield Prediction and Optimization

Sep–Oct 2025

Technologies: Python, Django, HTML, CSS, JavaScript, Scikit-learn, Pandas, NumPy, Matplotlib

- Developed an AI-driven platform using Django to predict crop yield from datasets collected via Kaggle and Odisha government sources.
- Implemented regression and ensemble ML models in Scikit-learn to analyze soil, rainfall, and climatic factors.
- Built a responsive web interface using HTML, CSS, and JavaScript for real-time insights and visual analytics.
- Utilized Django ORM for efficient data management and integration with the built-in relational database.
- Achieved higher prediction accuracy compared to existing AI models, improving reliability and decision-making in farming.

Image converter

apr-may 2025

Flask, SQLAlchemy, SQLite, OpenCV, Pillow (PIL), imageio, NumPy, Werkzeug, itsdangerous, Jinja2, HTML, CSS, JavaScript, Vercel, Python

- User authentication system enabling signup, log in and logout with secure password hashing and session management.
- Image upload and processing functionality, allowing users to apply operations such as format conversion, resizing, rotation, and flipping.
- Contact form for users to submit messages, stored in a database for later review.

Competitive Programming

- Solved more than 200 problems on multiple competitive programming platforms.
- LeetCode: Achieved a contest rating of **1713** (max 1713) with more **than 125** problems solved.
- LeetCode Weekly Contest 459: Secured a global rank of **366 out of 31,599** participants.
- CodeChef: Maintained a rating of **1100 (1-Star)** with **more than 100** problems solved.
- Smart Interview: Achieved a global rank of **13300 out of 46,268** participants.

Achievements

- **Smart India Hackathon (SIH) 2025** – Institute-level qualifier, Parul Institute of Technology *Sep 2025*
- **Ignita 2025** – Participated at Vishwa vishwani institute of systems and Management(Hyderabad) *sep 2025*
- **PU Code Hackathon 2.0** – Selected for the grand finale *Jan 2025*

Certifications

- **Udemy:** Machine Learning, Data Science, and AI Engineering with Python ([Certificate](#)) *Oct 2025*
- **AWS Academy:** AWS Academy Cloud Foundations Graduate ([Certificate](#)) *Aug 2025*
- **Smart Interviews:** Smart Coder – Silver Certificate ([Certificate](#)) *July 2025*
